Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

So when he got back in touch last month to share all the success he's had with Kindle publishing – I got really excited to share his story. In this guest post, Adrian is going to share how he went from zero to \$4,000 a month publishing niche Kindle books. Take it away, Adrian! — It was three years ago when I first contacted Sean.
