Western Civilization: A Concise History is an Open Educational Resource textbook covering the history of Western Civilization from approximately 8,000 BCE to 2017 CE. It is available in three volumes covering the following time periods and topics:

bol.com | A Concise History of Western Music ...

The title is accurate - this is truly a concise history of western music, particularly the music of the church. My music professor thought a few sections were a little too simplistic and was able to provide more context in those areas, but on the whole it was a really helpful book and I learned a lot about where the church has been musically through the centuries.
