known book, and there's probably a free eBook or two for this title. The original work is in the public domain, so most of the variations are just with formatting and the number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.

The Airco Dip-Pak was a good machine. The Airco Distributor I worked for sold truckloads of them. But today, if an internal part fails, Arc-Products may charge you an arm and a leg for it. As far as consumables, the machine you are showing the picture of has a Tweco gun on it, so parts are readily available anywhere.

Airco EasyArc AC/DC 250 Kevin Would you mind checking another machine cross reference? I purchased an Airco EasyArc AC/DC 250, Serial # MH402092, Stock Number 1341 0280 but I cannot find any documentation for it anywhere. I am hoping it is also a Miller product but I fear it may not be because the serial number seems to be in a slightly different format than what the lucky others have posted!
