Animal Alterity: Science Fiction and the Question of the ...

Donna Haraway famously pronounced, "the boundary between science fiction and social reality is an optical illusion" in her influential A Cyborg Manifesto. This statement epitomises the myriad connections between the genre and posthumanism: entwined discourses that ask similar questions about what it means to be human and whether the 'human' should be the limit of our ethical obligation.

Introduction: Animal Alterity: Science Fiction and Human ...

This book uses readings of science fiction texts to explore how animals are central to our perception of humanity. Arguing that the academic field of animal studies and the popular genre of science fiction share a number a critical concerns, the author expresses an urgent need to reconsider the human-animal boundary in a world of genetic engineering, factory farming, species extinctions, and ...
