### Can I get a Remote Car Starter on A Manual Transmission?

Jim, We have been an AstroStart dealer here at ENORMIS in Erie, PA for approx 10 years!!! YES, it is possible that all you need is a battery in your remote control! The LED lights can light up, but it may NOT be transmitting. Make sure you keep any plastic insulators or strips IN PLACE to avoid the battery short circuiting.

### Astrostart Manual Transmission

The issue is that most manual transmissions use mechanical shift linkage, and there's no sensor to tap into to tell if the transmission is in neutral.It is possible to install a remote starter in a car with a manual transmission, and there are even multiple ways to do it, but not all of them are particularly safe.

### 6 Common Remote Starter Issues And How To Solve Them

It has a manual transmission. It has electric door locks but has never had an electric door fob. ...
