**BASIC USER'S GUIDE - Brother**  
For example, I have a Brother MFC-L2715DW. That model isn't listed, but MFC-L2700DW is, which is close enough! You can leave the "printer PPD" field empty. Click save and you are good to go, you can now print from a Chromebook! Print out a test page to make sure it works! I followed the steps, but it's still not working.
