This peculiar, specialized, technical, usage of the word "cause" is not that of everyday English language. Rather, the translation of Aristotle's αἰτία that is nearest to current ordinary language is "explanation." In Physics II.3 and Metaphysics V.2, Aristotle holds that there are four kinds of answers to "why" questions:

Culture Compass has been transformative for me! One example, I wanted to delegate entirely to my colleagues (some of whom I have been working with for over 10-15 years) but I was not getting them to take ownership to the extent I wanted them to. It was later when I reflected on what I had learned that I realised there was a Culture component at play (high uncertainty avoidance).
