Journal of Innovation and Entrepreneurship | Articles

Drawing on 110 interviews with business leaders as part of the Creating Emerging Markets project at Harvard Business School, this paper represents the first systematic attempt to identify and compare investment in education across emerging economies, specifically in Africa, Asia, Latin America, Turkey, and the Persian Gulf between the 1960s and ...

Monitoring and Evaluation - Open Knowledge Repository

Schumpeter's theory of creative destruction is not corroborated in the data, as potential exit is not predicated on the size of firms, their age, or their productivity. This paper estimates the survival time of nearly 7,000 firms in a dozen high-income and middle-income countries in a scenario of extreme economic distress, using the World Bank ...

Digitalization In Open Economies Theory

Like any management theory, new paradigms are needed to meet the challenges ahead of societies and economies. Thus, relatively separated fields of innovation management and sustainability will merge into a more holistic and powerful concept. Although sustainability has been discussed for many years, it hardly made into the core of innovation ...
