Ask most people for a few memorable DOS games from their past, and you'll more than likely have answers such as Doom, Quake, X-Wing and so on, which is fair enough. But the canny DOS gamer would ...

50 underappreciated DOS games - Den of Geek

1. Introduction. In most of what follows, I will speak simply of determinism, rather than of causal determinism. This follows recent philosophical practice of sharply distinguishing views and theories of what causation is from any conclusions about the success or failure of determinism (cf. Earman, 1986; an exception is Mellor 1994).
