Constipation and Megacolon in Dogs and Cats - Veterinary ...

Megacolon is much more common in cats than dogs. It can occur in any age, breed, or sex of cat, however, most cases are seen in middle-aged male kitties – the average age is about 5.8 years. The colon is a part of the digestive tract that starts at the cecum

Bookmark File PDF Feline Megacolon Manual Guide

and ends at the rectum. The cecum is the point where the small and large intestines meet.
