Refrigerator Not Making Ice? GE Fridge Repair #WR30X10093

NOTE: The diagnosis and repair procedures in this manual do not necessarily apply to brand-new GE dishwashers, newly-installed dishwashers or recently relocated dishwashers. Although they may possess the problems described in this manual, GE dishwashers that have recently been installed or moved are subject to special considerations not taken into account in this manual for the sake of simplicity.

TECHNICAL SERVICE GUIDE - Appliance Aid

If your GE refrigerator is not cooling consistently but everything else seems to work, such as the the lights inside are on then it may very well be an issue with the main controller board problem.The controller board is essentially the brains of the refrigerator so it can cause a number of issues if it is defective. Unfortunately, this is a common issue with GE refrigerators.
