Harley Road King Engine Light

One of the distinguishing features of the Road King were its large headlights, reminiscent of the great twins of the 1960s. In 1999, the Harley-Davidson Road King, like all other Harley models, came with a new Twin-Cam 88 engine at the factory. The Road King is powered by a further development of the engine, which produces 60 HP at 3,600 rpm.
