Man claiming to be from the future says he's got footage of Las Vegas in 2120 - yes, really. In the video, he claims to have made two stops, one in 2060 and one in 2120, which is where he captured the footage as part of a top secret mission. Near the end of the 16 minute clip, Noah finally pulls out his mobile phone to reveal the footage of the city.

The Cold War is about the dumbest argument for World Government imaginable, but Russell was a very old and very silly man by the time he wrote it, and he went to jail for his silliness besides which must have pleased him no end. Both Russell's objections and first steps to World Government are weak and simplistic.
