Manual Transmission Fluid Application Guide

Engine oil is so far away from an ideal fluid for a synchronized manual transmission. I would only use in an emergency. Manual fluid changes are so infrequent and this unit probably only takes like 2 quarts. I would just tell him to save up for the real juice, either some Honda, Amsoil, or Redline MTF.

How To Change Honda Manual Transmission Fluid -EricTheCarGuy

Print FLUID RECOMMENDATIONS. All Honda manual transaxles use the Honda Manual Transmission Fluid (MTF) as the original factory fill. This oil is similar to a 10W-30 or 10W-40 viscosity engine oil, and this oil can be substituted temporarily.

How Do I Check Transmission Fluid on Honda Cars | It Still ...

As for fluid, I know that the Honda manual says you can used 5W30 or 10W30 motor oil in their transmissions. I do not recommend this. In fact, I recommend that you only use Honda fluid in your Honda manual transmission. There is one exception; I have found one other fluid that works well and that's GM's Syncromesh fluid.

honda civic manual transmission fluid? - Bob Is The Oil Guy

You should realize that a color of the fluid is not a major problem indicator. Some shops get high profits from owners who are very trustful and believe that off-color fluid is 100% a problem. Old cars can have a pure, red oil, while brand new cars with perfect transmission can have dark fluid. The color in this context doesn't play a big role.
