I use this book to homeschool my fourth grader, and as far as math books go, the Houghton Mifflin series has been my favorite. The worksheets are easy to understand and complete, and I would highly recommend to purchase the workbook along with the math book.

Workbook

The book was a great workbook to practice the lessons in the textbook. Of course there was some writing in the workbook as it was purchased used, but the writing was easily erased by me prior to my child using the book so it was as good as new. The workbook had great activities to practice the math lessons
