become obvious as you begin to sand the primer. Next time we'll go over the process of sanding down this guide coat and you'll see exactly what function the guide coat serves.

Blackjack Guide Coat Co. - how to use guide coat

Typically we use a black guide coat over the gray primer. After the guide coat is applied, we will use long sanding blocks to sand the guide coat off. What will happen is that the guide coat will sand off of the high spots, and will stay in place in any low spots. This will allow us to see any imperfections. If the low spots are low enough we will use a glaze to very lightly build up the surface. Then we will prime, sand and guide coat again.
