On Wed, Oct 2, 2019 at 4:35 PM Mankiw, N. Gregory ... wrote: Dear Professors Mitchell, Wray, and Watts, I have been reading your book Macroeconomics. (Congratulations on writing it, by the way. I know how much work such projects are.) To help me get my head around MMT, I have a question that I hope ...

Money, Banking and Financial Markets

Money is any item or verifiable record that is generally accepted as payment for goods and services and repayment of debts, such as taxes, in a particular country or socio-economic context. The main functions of money are distinguished as: a medium of exchange, a unit of account, a store of value and sometimes, a standard of deferred payment. Any item or verifiable record that fulfils these ...

Money - Wikipedia

Monetary economics is the branch of economics that studies the different competing theories of money: it provides a framework for analyzing money and considers its functions (such as medium of exchange, store of value and unit of account), and it considers how money, for example fiat currency, can gain acceptance purely because of its convenience as a public good.
