workstation. But along those lines - I was wondering - does PowerBuilder ever release older versions of PB into the public domain via some sort of licensing that equates to "freely distribute". If not - any thoughts as to why not? For instance - why not release PB at something like 6 version back from current? So - we have PB 11 available soon ...

Among other things, the HTTPClient can be also used to consume SOAP Web services. This is particularly useful as the Web Service Proxy has many limitations and defects calling SOAP Web services such as not supporting TLS 1.2. This article is to show how you can use the new HTTPClient to call your existing SOAP Web services instead. Read more

You might ask Sybase, but I doubt they'd sell it to you. AFAIK, they haven't sold PB8 in about 8 years, and it hasn't been supported in 6 years.The current eval (11.5 at the time of this writing) is available off their main product page, if free is what you're after.. If it's PB8 you need, then you may be out of luck. Occasionally, you see an old copy sold on eBay, but I've had someone suggest ...
