LinkedIn Learning Course List - Nebraska

Hands-on learning is the best kind of learning. Sadly, as kids get older, the ideas for hands-on projects seem to dwindle. If you stop to think about it, though, almost anything can be educational: acting in a play, running a lawn-care business, creating pieces of art, cooking and baking, and even babysitting! But sometimes it's nice to start with a list to get your own ideas flowing.

Math Springboard Course 2 Unit

Data science is not just about the math, the algorithms, and the analysis. It's also about telling a good story. In real life, data scientists don't work in a vacuum—there's always a client, internal or external, waiting to act based on the results of their work.
