## **Optometrist Service ...**

Generally, Medicare covers items or services if. they satisfy three basic requirements. The item or service must:

1. Fall within a statutorily defined benefit category
2. Be reasonable and necessary for the diagnosis or treatment of illness or injury, or to improve the functioning of a malformed body part
- 3.

## **Routine Eye Exam Coverage - medicare.gov**

Per CMS guidelines, item or service must not be excluded from coverage Medicare only pays for services that are reasonable and necessary to diagnose or treat the patient. While Medicare rules may make exceptions or specifications for certain services, it is important to understand that medical necessity is what decides whether most Medicare services may or may not pay.
