and Liquid Engine Sealant are the most common terms that people refer to the “Goo” that they use during the reassembly of their engine cases. Please read and shop carefully – the sealants and gasket goos that are sold at most auto stores and hardware retailers are almost always WRONG for your motorcycle engine cases where gaskets are not used.

Motorcycle Engine Gaskets | Dennis Kirk

Motorcycle gaskets and seals hold pertinent parts of your bike together, so that what needs to stay in, stays in, and what must stay out, stays out. From your engine to your exhaust pipe, there are several gaskets and seals that should be checked regularly, and that need to be replaced at any sign of wear. Why BikeBandit.com’s Gasket Kits & Seals?
