that books are one's best friend, and with one in their hand they become oblivious to the world. While With advancement in technology we are slowly doing away with the need of a paperback and entering the world of eBooks. Yes, many may argue on the tradition of reading books made of paper, the real feel of it or the unusual smell of the books that make us nostalgic, but the fact is that with the evolution of eBooks we are also saving some trees.

## **Mwm Engine**

MWM's product portfolio comprises gas engines and gensets in the output range from 400 kW el to 10,300 kW el. In this way, it is possible to set up power plants with an output of up to 100,000 kW el and more. The gas engines can be operated with various types of gas, such as natural gas, shale gas, mine gas, biogas, landfill gas, sewage gas, and syngas. They are designed for maximum electrical and thermal efficiency, low operating and service costs, and high reliability and availability.

## **Caterpillar | MWM**

The first engine is a MWM project with 3 valves per cylinder and overhead camshaft and the second is an evolution of the Land Rover 2.5L diesel, built under licence by Ioschpe-Maxion (then, International Engines, who merged with
