Optoma: DLP projectors, LED displays, IFPDs, projector screens

Just wondering if anyone can advise: I purchased an Optoma ML500 about 25 months ago, around July 2012. I purchased that specifically because of the 20k lamp life - I didn't like the idea of having to shell out for new lamps every few years. It was my first projector and I intended to get at least 5 years from it.
