Taihō (鳳凰) (meaning Great Phoenix), was an aircraft carrier of the Imperial Japanese Navy during World War II. Possessing heavy belt armor and featuring an armored flight deck (a first for any Japanese aircraft carrier), she represented a major departure from prior Japanese aircraft carrier design and was expected to not only survive multiple bomb, torpedo, or shell hits, but also ...

The Boeing B-29 Superfortress is an American four-engined propeller-driven heavy bomber designed by Boeing and flown primarily by the United States during World War II and the Korean War. Named in allusion to its predecessor, the B-17 Flying Fortress, the Superfortress was designed for high-altitude strategic bombing but also excelled in low-altitude night incendiary bombing and in dropping ...

Boeing B-29 Superfortress - Wikipedia

Eagle, any of many large, heavy-beaked, big-footed birds of prey in the family Accipitridae (order Accipitriformes). An eagle may resemble a vulture in build and flight characteristics, but its head is fully feathered (often crested), and its strong feet are equipped with great curved talons.

Boeing: V-22 Osprey

So a big thank you to our Explore friend LynTuck for the use of her osprey differentiation aid. As a review, after arriving back at the secret location a month late, Audrey 2 reclaimed her nest from Audrey 3. Osprey life proceeded like crazy town had never occurred, and three beautiful eggs were laid on May 14, 17 and 20.
