### **Why is my on-screen menu or guide not working properly ...**

Hi. I got a call from the Samsung help line about 3 days after clicking on a help link on the tv. We went through a diagnostic process using a live link picture and video assistance. I was told that my TV actually has a 2 year warranty (previously told only one by Currys and Samsung) and so they will fix it free.

Depending on what year and Samsung Menu/Smart Hub version you have, there may be some variations on the appearance of the menus, as well as how to access the System and App update features. If you're not sure of the exact steps, consult the printed user guide or the on-screen e-manual for your Samsung Smart TV.

### **Solved: Samsung Smart TV - Guide stopped working after lat ...**

If the TV has programming issues, it turns off for no reason. Firmware that is out of date can also cause this problem. A worn out jumper on the power supply causes screen flickering. Problems with the LCD technology or poor TV settings can cause a Samsung TV to show deep shades of black, ringing and discolored pictures.

To use wireless DeX, first go into screen mirroring mode on your TV. Then, on your Note20 or Note20 Ultra, pull down the quick panel settings and tap DeX. Now select the TV you want to cast to. Wireless DeX on Smart TVs is a true second screen experience — you can keep using your phone as a phone while it powers the DeX interface on your TV.

### **What Are the Most Common Samsung TV Problems?**

If you have a HD receiver, check if the Guide works on both standard and HD digital channels. If the Guide does not appear on HD channels, make sure your TV is on the right input (HDMI, Component, TV...). If the problem persists, unplug your receiver and wait 15 seconds. Plug the power back in and wait 30 minutes before trying Guide or Menu again.
