MySmartStart - Products

Best buy did a great install. Only thing that bothers me about the product is it has restrictions. Can't program start up times. Only reminders. Which sucks. The viper is over rated and to expensive for what it does. No temperature inside the car. No program start ups. It's just a GPS nothing else. Plus there is a subscription. For what.

Viper 5704Z Remote Start System | Crutchfield Video

As for the viper smart start it's just a another module that my dealer added onto the head unit itself. I think it's really cool to have depending on your needs.
