This soul is not reincarnated, but is reborn in future generations. People create a "soul line," where they leave money and wisdom for their future "soul" carrier. Huge problem here. The author never defines what a "soul" is, other than a bunch of hash marks on your eye (like a fingerprint). A soul carrier has no knowledge of past lives.

Soul Identity This was a great read. I would have paid for it but a free book is even better! There were a few grammatical errors but it didn't take away from the story line. I must say I almost didn't get the book because of the title but I was very pleasantly surprised. I'm looking forward to the sequel.

My novels revolve around Soul Identity, an organization that helps you leave your money and memories to your own future life. My first novel Soul Identity is half techno-thriller, half existential journey. It explores what would happen if a God-less, business-based take on reincarnation prevailed--and the consequences this could cause.
