Simon : NPR

In The Genius in my Basement, Alexander Masters, the award-winning and best-selling author of Stuart: A Life Backwards, offers a tender, humorous and intimate portrait of genius at its most ordinary and at its most blurred. He enters us into the extraordinary life of one of the would-be contenders - an everyday mastermind - and in doing so, reveals the cruel burdens, as well as the glorious rewards, of a life marked by brilliance.

The Genius In My Basement | The n-Category Café

The Genius in my Basement is the grumpy, poignant, comical story – more intimate than either the author or his subject intended – about the frailty of brilliance, Britain’s most uncooperative egghead, and a happy man.

The Genius in My Basement by Alexander Masters

Grumpy, poignant, comical—more intimate than either the author or his quarry intended—Simon: The Genius in My Basement is the story of a friendship and a pursuit. Part biography, part memoir, and part popular science, it is a study of the frailty of brilliance, the measures of happiness, and Britain’s most uncooperative egghead eccentric.

Jenny Turner, The Genius in My Basement by Alexander Masters – review, The Guardian, August 24, 2011. From the excerpt, Norton is apparently still doing good math. He says he discovered "the appearance of Conway Group in the projective plane presentation of the Monster". I would like to know more about that!

The Genius in My Basement (Audiobook) by Alexander Masters ...

> I think I've met one true genius in my life so far. I'm really curious what your criterion or threshold for genius is. I realize it's likely a fuzzy topic and we don't need to get into a tangent about the philosophy of intelligence (although I'm not opposed to it, just trying to avoid a larger discussion), but you must have some way of deciding that the person you are referencing is a genius.
