The Great Ideas of Philosophy by Daniel N. Robinson

It went downhill from there. This is not as much of course on great ideas as stories about philosophers. It is not well organized or coherent. Whether you agree with the term Renaud his railing about political correctness in at least four different philosophy lecture so far it's disappointing and intellectually lazy. He fails to even Define the term.

Comprehensive introduction to philosophy Many of the great ideas are covered in this book. But you will need to explore each topic separately for more insight. 1 of 1 people found this review helpful

Mortimer Adler, Great Books, Philosophy, Great Ideas

Great Ideas of Philosophy is a crash course history lesson in important ideas. The whole point is that there's a red line through the ideas that shaped history, every idea is an action or a reaction to a previous one, going from the Iliad and Greek mythology up to now.
