9780815344667 - The Immune System, 4th Edition by Peter Parham

Pyogenic infections caused by encapsulated bacteria are cleared by humoral immune responses that use antibody-mediated complement activation and antibody-enhanced phagocytosis. An insufficiency of pathogen-specific polyclonal immunoglobulins puts these patients at greater risk of these infections. THE IMMUNE SYSTEM, FOURTH EDITION

The Immune System 4th Edition

The immune system is a favorite topic of mine. Almost everything which happens to our bodies involves the immune system. So I was very interested in a book which is on a very professional level with current information and excellent writing style. Also I feel that educational graphics are especially important to drive home the information.
