The Manga Guide to Physics [Book] - O'Reilly Media

The Manga Guide to Statistics "is really what a good math text should be like. Unlike the majority of books on subjects like statistics, it doesn't just present the material as a dry series of pointless-seeming formulas. It presents statistics as something fun, and something enlightening. It shows you why you should care about this material, and how it's useful even to people in non-mathematical fields."
