9781422102824: The Medici Effect: What Elephants and ...

The book's introduction and chapter headings (e.g., "Creating the Medici Effect" and "Making Intersectional Ideas Happen") led me to expect more in-depth insights. But the Medici Effect is lite on the practical and it tends to describe the innovative process in general terms rather than exploring specifics of how it happens.

Medici Effect: What Elephants and... book by Frans Johansson

The Medici Effect (Harvard Business School Press, 2004) is an innovation classic that explores why the most powerful innovation happens at the "Intersection," where ideas and concepts from diverse industries, cultures, and disciplines collide. Innovation today is less about expertise and more about how you can rapidly combine insights and ideas, often widely disparate, to create surprising and unique breakthroughs.
