The History of African-American Music | Our Pastimes

African-American music is an umbrella term covering a diverse range of music and musical genres largely developed by African Americans. Their origins are in musical forms that arose out of the historical condition of slavery that characterized the lives of African Americans prior to the American Civil War. Following the Civil War, Black Americans, through employment as musicians playing European music in military bands, developed a new style of music called ragtime which gradually evolved into j

African Americans | History & Culture | Britannica

Rhythm and blues (often abbreviated as R&B) is a form of African American music with a strong rocking beat that emerged in the 1940s and was a precursor to rock and roll. For a time "rhythm and blues" replaced the term "race music" that had been used in the music industry for all of African American Music.

The History of African American Music | Encyclopedia.com

Jazz music developed during a time when African Americans were more concerned with being accepted by mainstream American culture than connecting with their African heritage. As a result, jazz was ultimately more closely linked to European music in style than to African music. Jazz music was born in New Orleans, Louisiana.
