[Cat Warren] -- Explores the world of working dogs, as well as canine intelligence and training, as the author and her German shepherd, Solo, work with forensic anthropologists, detectives, and dog handlers to find ...

### **What The Dog Knows Science**

"What the Dog Knows is a fascinating, deeply reported journey into scent, death, forensics and the amazing things dogs can do with their noses: sniffing out graves, truffles, bedbugs, maybe even cancer. But it's also a moving story of how one woman transformed her troubled dog into a loving companion and an asset to society, all while stumbling on the beauty of life in their searches for death."

### **What the Dog Knows: The Science and Wonder of Working Dogs ...**

Cat Warren has adapted her New York Times bestseller, What the Dog Knows, for younger readers. This version still contains the science and history of scent detection dogs, but its heart focuses on Solo, the impossible German shepherd puppy who grew up to search for the missing and dead.

### **What the Dog Knows: The Science and Wonder of Working Dogs ...**

Dogs come to us with active minds, senses of humor, and multiple intelligences. Dogs come to us with active minds, senses of humor, and significant smarts. What follows is a potpourri of what we know about what goes in in dogs' minds.1 It's the Year of the Dog, and what could be a better time than to revisit canine minds.

### **What the Dog Knows - Cat Warren | What The Dog Knows ...**

In What the Dog Knows, Cat Warren explores the science and wonder of working dogs, guided by Solo, her German Shepherd. A "singleton" puppy (the only one in a litter), Solo was a challenge to train, even for someone as experienced as Warren. To harness his energies, she decided to try him at scent work—specifically, cadaver scenting.

### **What the dog knows : scent, science, and the amazing ways ...**

In *What the Dog Knows*, Cat Warren tells how she transformed her rambunctious German shepherd, Solo, recognized as having a "good nose," into a cadaver dog. Warren gives young readers an introduction to the science of scent and the process of training dogs to follow a scent through a swamp, below ground, and even below the surface of a lake in this adaptation of her 2013 book
