The labels on my XM radio preset buttons no longer match the channel name/number displayed on my radio. This issue may occur if you drive a Model Year 2008 or later GM vehicle with a pre-installed XM radio. If this occurs, you will need to update the preset button labels on your radio. This is a simple procedure:

### **Channel Update FAQs - SiriusXM Radio**

The radio security code must be entered in order for the radio to work. When you purchased your vehicle, you should have received a card that lists the four-digit security code for the radio (sometimes owners find it inserted in the Owner's Manual or glove box). A sample card is shown below.
